

Holy Family Manor COVID-19 Update 6-19-2020

Dear Family and Friends of Holy Family Manor and Grace Mansion Personal Care,

As we celebrate the Solemnity of the Most Sacred Heart of Jesus, we recognize Christ's divine love for humanity. We experience the grace and mercy of Christ's love for us every day at Holy Family Manor and Grace Mansion Personal Care. His love nourishes us and gives us the strength to endure the challenges of the COVID-19 pandemic. We know we are never alone – even in the darkest days of the pandemic, Christ walked beside us.

The past few months have been very difficult and unsettling for all of us. The health and wellness of our residents has been our primary concern and I am pleased to report that we have not had any new COVID-19 infections since last week's update. We are in the midst of eradicating this virus from our facility, and I am proud of our team who has worked so tirelessly to care for our residents.

The Pavilion, Grace Mansion, and McShea North remain COVID-19 free. Residents on McShea South with COVID-19 continue to progress in their healing. Our testing measures continue across the facility to ensure we capture any signs of infection. Here is the full breakdown of COVID-19 cases:

Current number of resident cases: 11 Current number of resident deaths: 7 Current number of staff cases: 22

We are starting to take limited appointments for brief outdoor visits with residents and immediate family members. Please contact Rose Lance, Director of Life Enrichment, at 610-865-5595, X 522 for more information. If you have not yet been added to our email distribution list, please send your name and email address to rlance@hfmanor.org. We encourage you to be added to the email list, since you will receive updates sooner.

We will continue to keep you apprised on any updates on reopening. Please continue to keep our residents and staff in your prayers. Have a wonderful weekend!

Sincerely Yours in Christ,

**Joseph Shadid, RN, MSN, MBA, NHA, PCA
Chief Executive Officer**
