

## Holy Family Manor COVID-19 Update 7-29-2020

**Dear Residents, Family and Friends of Holy Family Manor and Grace Mansion Personal Care,**

I am writing to share an updated report about our progress in combating COVID-19. Holy Family Senior Living continues to follow recommendations from the Pennsylvania Department of Health and CDC. Our COVID-19 infection control protocols remain in place, and we continue to carefully screen all residents and personnel for any potential signs or symptoms of exposures to the COVID-19 virus.

Our resident cases continue to decline. There have been no new cases of COVID-19 related deaths. There is one new asymptomatic case in personnel who is isolating at home. Below is a full breakdown of COVID-19 cases:

**Current number of resident cases: 1 Current number of resident deaths: 7 Current number of staff cases: 4**

The health and safety of our residents and staff remain our top priority. We recognize that interactions with family and friends is important for our residents; however, we must continue to be extremely careful with our infection control procedures. Our residents have been enjoying increased group activities on their individual units and patio visits while following all safety protocols including social distancing, frequent disinfection of all surface and resident areas, daily health screenings and frequent handwashing.

If you have not yet been added to our email distribution list, please send your name and email address to [rlance@holyfamilysl.org](mailto:rlance@holyfamilysl.org). This is the quickest way to receive Holy Family Senior Living updates.

Thank you for your continued prayers and support. We will continue to keep you informed of changes in our COVID-19 activity.

God bless,

  
Susan Regalis, NHA
