

Holy Family Manor COVID-19 Update 9-23-2020

Dear Family and Friends of Holy Family Manor and Grace Mansion Personal Care,

Greetings,

I am writing to inform you that a second staff member has tested positive for COVID-19 who works on the third floor of our Pavilion building. As you are aware, Holy Family Senior Living continues to adhere to all COVID-19 testing protocols and infection control procedures recommended by the Department of Health and CDC. We continually test residents and staff in the facility to catch any new infections.

The staff member who tested positive was asked to self-isolate at home and is asymptomatic and doing well. We have just finished testing the entire facility and will be retesting the third floor starting today. Thankfully, there are no additional positive cases.

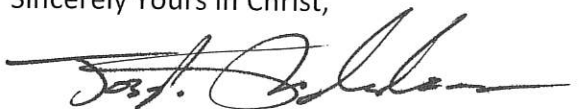

As previously stated, we are pausing all visits to Holy Family Senior Living to keep our residents safe. We will provide a weekly update to you so that you can remain apprised of any future changes to the visitation policy.

If you have not yet been added to our email distribution list, please send your name and email address to rlance@holyfamilysl.org. We encourage you to be added to the email list, since you will receive updates sooner.

Please know that our facility is well prepared for any resurgence of COVID-19. We have personal protective equipment for all staff and the isolation unit has been kept ready in case of any new infections. We will do whatever is necessary to keep our residents and staff as safe as possible.

Thank you for your continued prayers and support.

Sincerely Yours in Christ,

Joseph Shadid, RN, MSN, MBA, NHA, PCA
Chief Executive Officer
